In collaboration with:

MobiliseYourCity's guiding principles

1

Our vision

We work together as partners to shape low-carbon mobility systems that contribute to efficient, safe, and just cities for all urban residents of today and the future.

2

Our mission

Our mission is to incubate solutions, accelerate the adoption of proven approaches, and facilitate complex change processes to transform urban mobility

Our objectives

Accelerate the green and just transition to sustainable urban mobility

Facilitate access to sustainable innovative finance for large- and small-scale mobility projects

Foster more comprehensive, integrated and participatory urban mobility planning

Close the investment gap for sustainable mobility

Kurunegala, Sri Lanka

MobiliseYourCity's service areas

1

MOBILITY PLANNING

Supporting implementation and investment ready plans for inclusive and low-carbon transport

- Supporting member cities in preparing city-level sustainable mobility plans and project preparation
- Supporting member countries in preparing country-level urban mobility policies and investment programs
- Deploying digital technology to improve mobility planning

2

CAPACITY BUILDING

Equipping practitioners with tested and scalable solutions

- Developing tailored methodologies and tools for our focus areas
- Scaling our training offer to mobility professionals through strategic partnerships
- Enhancing our digital platform for trainings, exchange and knowledge dissemination

3

ADVOCACY

Encouraging institutions and individuals to embrace and resource sustainable mobility

- Communicating local results to influence the global agenda
- Engaging new partners and members to animate ambitious action
- Empowering local behavioural change through evidence-based messaging

4

New

IMPLEMENTATION SUPPORT

Empowering members to bridge planning with implementation for green and just cities

- Piloting small-scale innovative finance to support walking and cycling
- Professionalizing and formalizing jobs in the paratransit sector, in particular by building on digital technologies
- Supporting institutional and regulatory reforms to enable implementation

Green mobility planning through Sustainable Urban Mobility Plans

A Sustainable Urban Mobility Plan lays out a future green mobility vision for your city, prioritizes sustainable transport projects and measures, clarifies responsibilities for implementation and sets a robust but flexible finance, funding and implementation plan.

MobiliseYourCity's mobility plans key strengths

- **Enabling Green cities** through a comprehensive approach to sustainable, low-carbon urban transport
- **Functioning as project preparation to enable access to sustainable finance for implementation** of small and large-scale infrastructure projects
- **Using digital technologies for status quo analysis, scenario modelling and capacity building**

2

A Partnership that delivers

Leveraging finance from SUMP and NUMPs

40 M€ Donor contribution

 **COMPLETED**

7 SUMPs

4 NUMPs

i An additional 22 SUMPs and 5 NUMPs are currently being supported, which will increase the identified investment needs, leveraged finance and impacts.

14.9 B€ Identified investment needs

Leveraged finance

1.296 B€

DESTINATION

Countries 882 M€

Cities 414 M€

SOURCES

Domestic 29%

International loans 64%

International grants 7%

Financed investments

The percentages represented in the pie charts cover SUMP's investments, which represent a total investment need of 9.983 B€.

PUBLIC TRANSPORT VEHICLES

14%

550+ Buses (incl. BRT)

PUBLIC TRANSPORT INFRASTRUCTURE

68%

10 Metro and tram lines

12 BRT and bus corridors

34 Hubs, stations, depots

Types of projects financed

WALKING AND CYCLING

2%

ROADS AND PUBLIC SPACE

7%

OTHER

9%

7.52 MtCO₂eq mitigation of annual GHG emissions in 2030 (compared to BAU)

7 Million people with improved access to public transport

+8% Modal share of sustainable transport modes (compared to BAU)

800 Lives saved annually through better road safety

✓ Improved job quality for transport workers

Projected impacts

Contributing to low-carbon, safe, and just cities

2

Being a member of the Partnership

Gain access to the latest knowledge and guidance on sustainable mobility planning

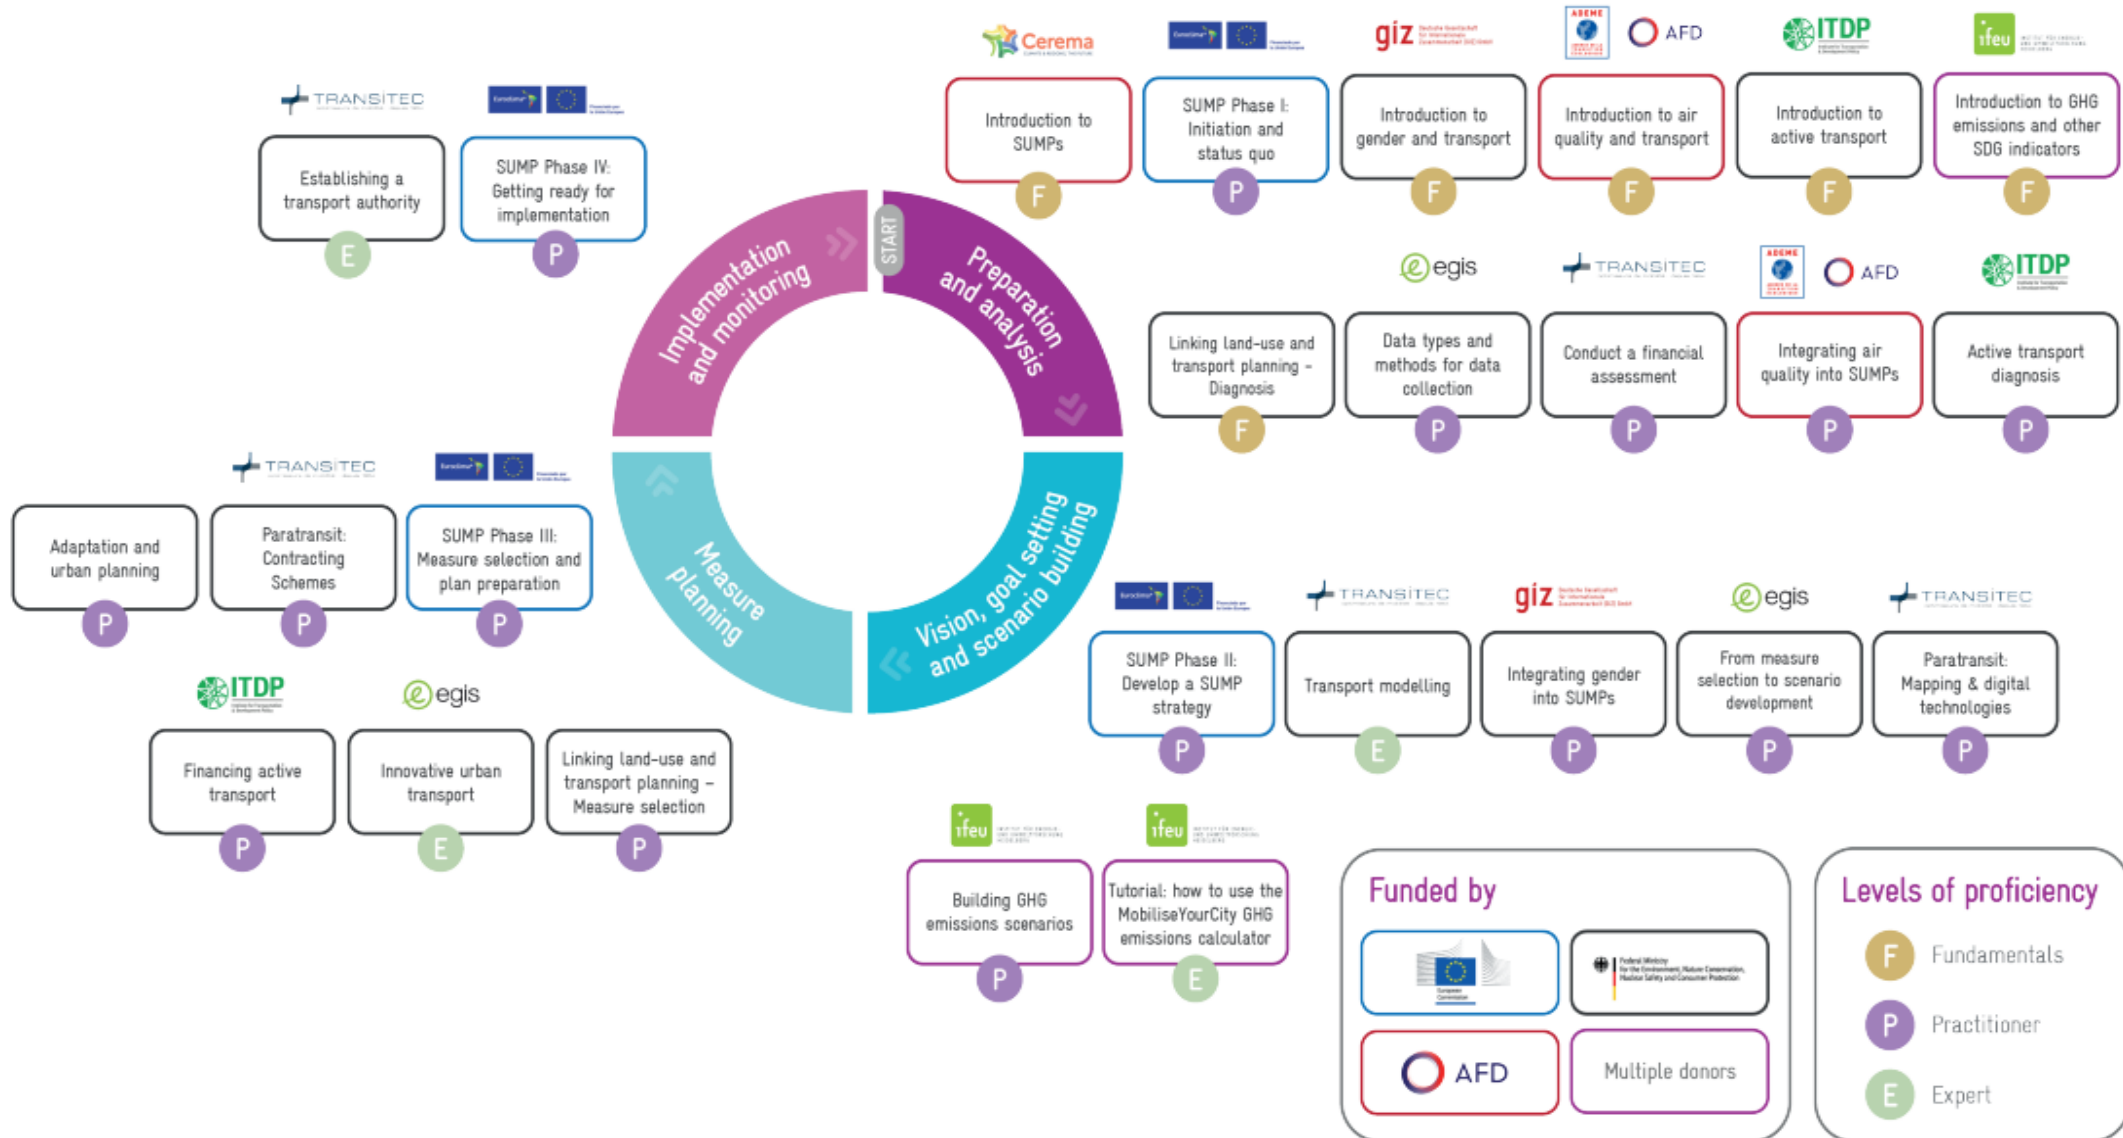

- Our trainings and methodologies tackle the common challenges faced by our partners worldwide
- We offer trainings throughout the year, on a variety of topics
- We update and complement our services based on the newest expertise we gather on the ground
- Soon, our trainings will be accessible by member cities on demand

MobiliseYourCity's tools and methodologies

MobiliseYourCity's capacity building offer

What is a Community of Practice?

- We facilitate **peer exchanges** with mobility practioners throughout the world
- Our Community of Practice is not only comprised of member cities and countries, but also **experts from development and financial organizations**
- You will be able to **share knowledge, learn from others and find solutions** to common problems

- We can help you identify financial support from international sources
- We have secured a firm footing in the international transport community and climate regime
- We facilitate dialogue and encourage coordination among donors, implementing partners and member cities
- We help you communicate and leverage your plans by sharing your sustainability impacts

Increase visibility of your city and obtain additional support

Thank you for your attention
